Mission/Irvington Road Traffic Affected by Water Main Repairs

Tucson Water crews are investigating reports of a leaking water main on Mission Road at Irvington Place, which is north of Irvington Road. Northbound and southbound traffic on Mission Road is restricted to a single lane in each direction. Traffic restrictions will remain in place indefinitely while workers isolate and repair the main. No customers are out of water service at this time.

Motorists are urged to exercise additional caution to help ensure the safety of workers repairing the water main.
